From Brokers

From Technology Companies

Typical Services

Break away from the mold of the traditional broker. The average broker meets your basic needs when it comes to claims, plans and renewal negotiation. What about open enrollment? New legislation? Department of Labor (DOL) compliance?

New tech giants can be focused on curing the pains of HR, such as benefits administration and small compliance issues, but lack the personal touch and insurance expertise that an independent broker like us provides.

32 percent of business plans audited by the DOL received fines of over \$10,000.

No need to worry—you can rest easy with our regular compliance newsletters, articles, action plans and support to keep you up to date and in the know.

89 percent of employees expect decision-making tools during open enrollment.

Our decision support tools match your industry, region and company size from a plan design perspective. We'll provide medical and prescription analytics, employee retention plans and open enrollment assistance specified to your business needs and goals.

54 percent of employees say selecting a health plan is more complicated than solving a Rubik's Cube.

Take the guesswork out of plan selection and simplify your day-to-day operations with our streamlined online enrollment, vacation tracking and more on a customized intranet site.

We're your trusted source.

Get all these services, plus the guidance to navigate the complexities of insurance, from a partner you can trust.
